Questions	Response
<p>Where can we get more detailed information regarding the post-secondary pathways that are available for the students, as well as the pre-requisites for entry?</p>	<p>Please refer to https://www.moe.gov.sg/post-secondary for more information regarding the pathways.</p> <p>Our ECG counsellor will guide students through class-based ECG sessions in March 2026, providing personalised advice on suitable pathways. Students have also been directed to a one-stop ECG portal that consolidates key information on post-secondary pathways and entry requirements to Institutes of Higher Learning (Junior College, Polytechnic and Institutes of Technical Education) during the goal-setting activity completed on 3 February 2026.</p>
<p>The PMP ECG Sharing was heavily focused on progression to Polytechnic. Where can we access information on other options?</p>	<p>As part of the school's comprehensive Education and Career Guidance (ECG) provision, the school provides information to students on alternative pathways and next-step options.</p> <p>Students may also seek individualised guidance from the school's ECG Counsellor through a referral by their Character Coach or Year Head, or by booking an appointment. The ECG Counsellor will work closely with students to better understand their interests, strengths and abilities in relation to their academic performance, and to explore suitable pathways and progression options.</p>
<p>Is it possible to have more Polytechnics to conduct sharings and roadshows in the school?</p>	<p>As part of the school's comprehensive Education and Career Guidance (ECG) plan for graduating students, students are provided with multiple opportunities throughout their graduating year to engage with various post-secondary institutions through talks, learning journeys, sharing sessions, and roadshow-style engagements.</p> <p>During GREAT Start week, students were given the opportunity to attend Polytechnic Open Houses on 6 January.</p> <p>In the upcoming Inspire Series 1 (25-26 March), our students will participate in Future Me Day (previously known as Careers Day), where there will be sharings by industry partners, alumni, and Institutes of Higher Learning (IHLs), which will expose them to a wide range of post-secondary and career pathways.</p> <p>The school will continue to provide holistic support and guidance to help students make informed post-secondary pathway decisions.</p>

<p>Would it be possible to have a session with the Character Coaches (CCs) where they can advise parents on the post-secondary pathways that the child would be eligible for and suited to, based on their observations of the child's aptitude, attitude and academic performance?</p>	<p>The school will explore the feasibility of more customised sessions involving Character Coaches (CCs) where they can provide more personalised guidance on post-secondary pathways for future PMP/PTMs. Such sessions will allow CCs to share relevant insights drawn from their observations of students' aptitude, attitude and academic performance, to support informed decision-making by parents and students.</p>
